Contract Ratified at AT&T Mobility - Orange Contract 2017

January 12, 2018

CWA members overwhelmingly voted to ratify the tentative agreement covering 21,000 AT&T Mobility workers under the Orange Contract. Congratulations on a hard-fought contract!

The new contract offers more pay, more job security, and more work for CWA members. As we see AT&T's non-union competition eliminate thousands of jobs, close a dozen call centers, and cut back on pay, we are fighting back against these headwinds for real improvements in the wireless industry.

Although we know this agreement is not everything we deserve, we will keep fighting and are proud of what we achieved together.

Great contracts are not won at the bargaining table. They are won on the shop floor and on the streets. As more and more CWA members become active in our union, we will see our power strengthen. After 11 months of mobilization, tough bargaining and a historic three-day strike, it was you and your coworkers who proved to the company that when we stand together, we win.

Solidarity Forever,

Dennis Trainor
Vice President
CWA District 1
