

Frontier Members

Our CWA National Research Department has completed our Wage and Benefits calculator and they have uploaded it onto the District 9 website (<https://cwa-union.org/frontier-california-ta-calculator>). After opening the CWA District 9 website the calculator can be found under the "Workplaces" window at Frontier Communications. Once you arrive at Workplaces-Frontier Communications click on "View the Tentative Agreement Wage & Health Care Calculator". Simply select the applicable Job Title and your specific healthcare plan and press "Submit". The calculator will instantly return your specific wage increases and medical contributions cost.

You can also cut and paste the below to your web browser to attain the calculator:
