

CWA/Verizon Bargaining Bulletin #2

Bargaining Bulletin

March 4, 2025

Today your Union Bargaining Committee met with the Company and discussed proposals presented by each party. There was a lengthy discussion around the numerous Memorandum's of Agreement along with clarification on some of the Company's proposals.

There is a lot of work to be done in a short amount of time to bring a good contract that satisfies both the Company and the Union. After clarification from the Company, your Union Bargaining Committee is writing several counter proposals today in preparation for our meeting tomorrow. We'll keep you posted as bargaining progresses.

Esther Cabaccang – Bargaining Committee
Cherie Brokaw - Chair
