

I'M **ALL IN** FOR A **STRONG** **CONTRACT** AT AT&T MOBILITY

Our AT&T Mobility contract expires in less than a year on February 13, 2026.

Strong contracts aren't handed to us - we've fought for every victory through our collective power and unity for good jobs in our workplaces and communities.

Being a union member is not a spectator sport. The more CWA members who mobilize and act as one, the more strength we bring to the bargaining table. **It will take all of us to build the power needed to win the strong contract we deserve.**

It's time to get organized! Demand good jobs and let's build a better future at AT&T Mobility.

I'm ready to join together with my coworkers for a fair contract
